Due to a production error, there was a mistake in the legend for Figure 2 as published. The correct legends appear below.

The correct caption for Figure 2 should read “World production of vegetable oils and harvested areas of various oil crops in 2020. Author’s illustration based on data from FAO (2022).”

In addition, Figure 3 and its citation have been removed as the figure contained copyrighted material.

The publisher apologizes for this mistake. The original version of this article has been updated.
