In the original article, there was an error, the sex of the case cat was incorrect.

A correction has been made to Abstract and Case Presentation, and Long-Term iVEEG monitoring sections. The term “female” has been corrected to “male,” and also “her” was changed into “his,” respectively.

In the original article, the names of the authors were spelt incorrectly in reference 11. Michael G, Jones C, Mary R, Packer A, Royal T, Volk HA, et al. should be Jones GMC, Volk HA and Packer RMA. The corrected reference appears below.

Jones GMC, Volk HA, Packer RMA. Research priorities for idiopathic epilepsy in dogs : viewpoints of owners, general practice veterinarians, and neurology specialists. *J Vet Intern Med.* (2021) 35:1–14. doi: 10.1111/jvim.16144

The authors apologize for these errors and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
